Subject Index

Accident and emergency departments, paediatric, inappropriate attendances, 177
Alcohol use by university undergraduates, prospective and retrospective diary assessments, 264
Asbestos, hazard in North Devon, 376

BCG immunization, neonatal, audit, Avon, 389
Boneline, communication between general practitioners and orthopaedic consultants, 307

Cancer surveillance data, comparative analyses, 151
Colorectal cancer, cost-effective screening strategies, 43
Communicable disease review, 84, 206, 328, 408
Conception, teenagers, England, 17
Contraception, teenagers, England, 17
Cystic fibrosis, screening for carriers, evaluation, 257

Day surgery, clinical perspective, 192
District Health Authority, consultants, views, postal questionnaire, 393

Education programmes, public health physicians, 3
Elderly patients, characteristics, discharged from hospital without district nursing support, 321
Escherichia coli 0157 infection, restaurant-associated outbreak, 78
Evaluation research, relationship with audit, 361

Faculty of Public Health Medicine, membership examination, 232

General practice, non-consulters and high consulters, cardiorespiratory health status, 131
Geriatric day hospitals, audit, pilot project, 310

Health advocacy improving obstetric outcomes in ethnic minorities, 183
Health care, decision-making, 250
Health care indicator, time spent in hospital by children, 35
Health care indicator, time spent in hospital by the elderly, 39
Health care resources, allocation, rationality and formulae, 117
Health inequalities, urban-rural health differences in northern England, 290
Health promotion programme for the elderly, assessment, 199
Health research, race and ethnicity, 104
Health services research, developments, Britain and United States, 164
Health Visitor Assistants, timetabled visiting of elderly people after discharge from hospital, 138
Hepatitis A, outbreak, transmission via school toilets, 2
Hepatitis B vaccination, cost-benefit analysis, Italy, 367
Hip fracture, methodology for collecting outcome measures, 380
Histopathology laboratories, skin lesion specimens received from general practitioners, 300
Hospital discharge arrangements, Northamptonshire, 145
Hospital service, quality, comparison of 'Asian' and 'non-Asian' patients, 271
Huntington's Disease, care in the community, 385

Infectious diseases, notification and analysis, computerization, Sheffield, 62

Marital status, association with pregnancy outcome, 26
Mortality, socio-economic and sex differences, 402
Mortality rates, Hampstead District Health Authority, 157

Neonatal care, cost in Trent Region Health Authority, 127

Oral contraceptives, mortality affects, review, 9
Out-patient departments, inappropriate reattendances, 173

Palliative support teams, effectiveness, 50
Patient satisfaction, measurement, 236
Pregnancy, outcome, association with marital status, 26
Public health, annual reports, criteria for audit, 169
Public Health Medicine, survey of general practitioners' and junior hospital doctors' understanding of the specialty, 399
Public health perspective, black peri-urban area, South Africa, 57

Rare diseases, analysis of pattern, geostatistical approach, 280

Salmonella enteritidis infection, association with 'Combi-oven' cooked egg, 68
School entry, medical examination, 111
Slaughterhouse workers, zoonoses, 231
Socio-economic status, association with pregnancy outcome, 26
Stroke, methodology for collecting outcome measures, 380
